Thank you for choosing Orkin to help protect your home from termites. Renewing your termite protection plan each year is a responsible way to keep winning the fight against termites. The benefits of your Continuous Protection Plan include:

- **Inspections:** Orkin inspects and monitors your home for signs of termite activity to help maintain the effectiveness of your treatment plan.
- **Retreatments:** If termites return after treatment, we'll retreat your home at no additional charge. This saves you money by avoiding the cost of a full treatment should termites return after your coverage has lapsed.
- **Notification:** Your Orkin Technician will help identify conditions around your home conducive to termite activity.

Your statement contains a minimal increase over your last renewal payment. This increase will allow us to continue to provide you with the quality service you have come to expect. We appreciate your business and want to continue serving you as a customer. We're sure you don't want to take a risk on your greatest investment - your home, so don't take a chance. You can maintain your renewal protection today by visiting your account online at www.Orkin.com/MyAccount, using the enclosed envelope, or calling 1-800-445-0745.
